Introduction

CKS Kimuka Hospital is dedicated to providing compassionate, accessible, and high-quality healthcare services to improve the well-being of our community. Our mission is to empower patients through comprehensive and innovative care.

Our Mission

To provide compassionate, accessible, and high-quality healthcare services to improve the well-being of our community, empowering patients through comprehensive and innovative care.

Our Vision

To be a leading healthcare provider in the region, known for excellence in patient care, advanced medical services, and a commitment to community health and well-being.

Our Core Values

1. Compassion

We treat every patient with empathy, respect, and dignity, ensuring their comfort and well-being.

2. Excellence

We strive for the highest standards in healthcare delivery through continuous improvement and innovation.

3. Integrity

We uphold honesty, transparency, and ethical practices in all our operations and interactions.

4. Teamwork

We foster collaboration among our dedicated staff to deliver comprehensive and coordinated care.

5. Patient-Centered Care

We prioritize the needs of our patients, ensuring personalized and holistic care.

6. Commitment to Growth

We are dedicated to expanding our services and improving infrastructure to meet the evolving needs of the community.

7. Community Focus

We work to address the unique health challenges of our community, promoting wellness and preventive care.

Our Services Include:

1. Dialysis Services

- Twice-weekly dialysis sessions, including blood booster administration.
- In-house nephrologist consultations and monthly kidney function tests.
- Comfortable dialysis beds with modern machines.
- Free Wi-Fi, breakfast, and lunch for dialysis patients.
- On-site doctor and ambulance services for emergencies.
- Partnerships with hospitals in Ngong and beyond for additional support.

2. Outpatient Services

- In-house doctors available 24/7 for consultations and emergencies.
- Weekly specialized clinics:
 - Nephrology: Weekly consultations with our nephrologist.
 - Gynecology: Monthly gynecology clinics.
 - Oncology: Monthly oncology clinics.
- Diabetic and Hypertension Specialist: Twice a month.

3. Mother and Child Health (MCH) Services

Our MCH department is dedicated to promoting the health and well-being of mothers, children, and families.

We provide comprehensive care to support you at every stage, from pregnancy to postnatal care.

- **Antenatal Care:** Routine check-ups, nutritional counseling, and screening for complications.
- **Postnatal Care:** Follow-up for mothers and newborns, breastfeeding support, and recovery assistance.
- **Immunization:** Protecting children against preventable diseases.
- **Family Planning:** Counseling and safe contraceptive options.
- **Health Education:** Guidance on childcare, nutrition, and hygiene.
- **Growth Monitoring:** Regular checks and nutritional support for children.
- **Specialized Care:** High-risk pregnancy management and specialist referrals.
